MODERNIST SOFA/CHAIR - BOUCLÉ

Orsetto textile consists of 34% Viscose, 33% Acrylic, 17% Wool, 8% Polyester, 4% Flax and 4% Cotton. The textile is only for indoor use. Dirt can be removed gently by dry cleaning with tetrachloroethylene PCE.

For further specifications on the Orsetto textile go to:
<https://www.onemariosirtori.com/copiadi-munbay-cs>

Avoid placing the furniture in direct sunlight or near a strong heat source to reduce changes in the colour. Dust and dirt wear down the textile and reduce its qualities. Regular cleaning is important in order to keep the upholstery looking its best and to prolong its life. Straighten the fabric with your hands from time to time. Always remove stains quickly before they can do any permanent damage to the furniture. Soak up spilled liquids immediately with an absorbent paper or cloth by dabbing gently towards the center of the stain. The upholstery is fixed and cannot be removed. Avoid improper use such as sitting on the back or armrests or standing on the furniture. Be careful not to scratch or damage the surface with sharp objects. Never use concentrated detergents or bleach, ammonia or soap intended for hard surfaces. Please handle the furniture carefully to prevent scratches on the floor. Please do not use any chemicals to clean the stainless steel. Use only warm soap water and dry with a soft cloth.
