FOLDABLE SERIES

The Foldable series offers refined and timeless designs crafted from stainless steel. These pieces feature sleek lines that elevates any space, offering both functionality and character in your everyday storage needs.

To ensure your stainless steel pieces maintain their beauty and functionality, consider the following guidelines:

While stainless steel is known for its durability, it can still be susceptible to scratches. Avoid using abrasive materials or scouring pads during cleaning, and be cautious not to slide heavy or sharp objects directly on the stainless steel surface.

Incorporate regular maintenance into your routine. A simple wipe-down with a dry or damp cloth will help prevent the accumulation of dirt or grime. Only use a mild cleaning agent if necessary.

By following these guidelines, your stainless steel pieces will not only preserve their aesthetic appeal but also stand the test of time.
