

# PORTA TABLE LAMP

normann  
COPENHAGEN

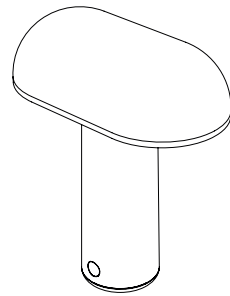

## **A PORTABLE TABLE LAMP FOR ANY SETTING**

Normann Copenhagen launches Porta Table Lamp. As implied by its name, Porta is the first portable lamp in the lighting collection. Characterized by its rounded, organic design cues, the cylinder base and elongated dome shape of the lamp shade contribute to an aesthetic cohesiveness.

The distinctive lamp shade is designed to accommodate the need for pleasant, atmospheric lighting in smaller settings. When turned at a 90-degree angle, the lamp shade takes up less space, allowing it to easily fit into compact spaces such as windowsills, small café tables, or shelves.

## COLLECTION OVERVIEW

**Porta Table Lamp**

## PRODUCT FACTS

### Description

Porta is a lightweight and portable table lamp that allows you to bring cozy lighting with you wherever you go. The main body is made from ABS plastic, while a white, acrylic inner screen ensures a pleasant and even glow. Porta is dimmable in three steps, offering 100%, 40% and 10% light intensity and 20, 60 and 120 hours of battery life, respectively. Porta comes with a USB charging cable for easy and convenient charging.

### Designer / Year Of Design

Simon Legald / 2021

### Material

ABS plastic and acrylic

### Construction

Porta Table Lamp consists of a lamp shade and base made from ABS plastic and an acrylic diffuser. Beneath the base, a small compartment allows for easily accessible charging, and a discreet tunnel for the charging cable ensures that the lamp can charge while in use. A silicone base ring allows the lamp to stand securely. Porta comes with a permanently integrated, rechargeable, low-energy LED light source which has 3 light intensity levels: 100%, 40% and 10%, and a battery life of 20 hours, 60 hours, and 120 hours, respectively. The lamp comes with Type C magnetic charging connector and USB magnetic charging cable with a length of 1 meter.

### Maintenance

Before cleaning, disconnect the power and allow the lamp to cool down for 10 minutes. Mind to clean the surfaces of the lamp only. Clean the lamp with a soft, dry cloth only. If necessary, wipe the surface of the lamp with a soft, damp sponge or cloth, and wipe immediately with a dry cloth. Do not use alcohol or other solvents to clean the product and avoid using abrasive or rough sponges.

## PRODUCT FACTS

### Classification

Class III

### Ip rating

IP20

### Dimmable function

3 levels (100% - 40% - 10%)

### Voltage

Recharge input: 5.0V, 1A

### Charging cable:

USB magnetic charging cable and Type-C suction adapter, 100cm

### Charging time

0-100%: 11H

### Battery life

100%: 20H / 40%: 60H / 10%: 120H

### Light source - included

20 pcs LED

Power: MAX 0.2W / LED

Charging Power: 5V

CCT: 3000K

Output: 50lm / 20lm / 5lm

LED Lifetime: 25000 h

CRI: >85

### Test

CE-EMC test with reference to EN55015, EN61547

CE-RoHS Verification with reference to 2011/65/EU and its amendment 2015/863/EU

211 SVHCs under REACH Directive

Safety test for lithium battery IEC62133

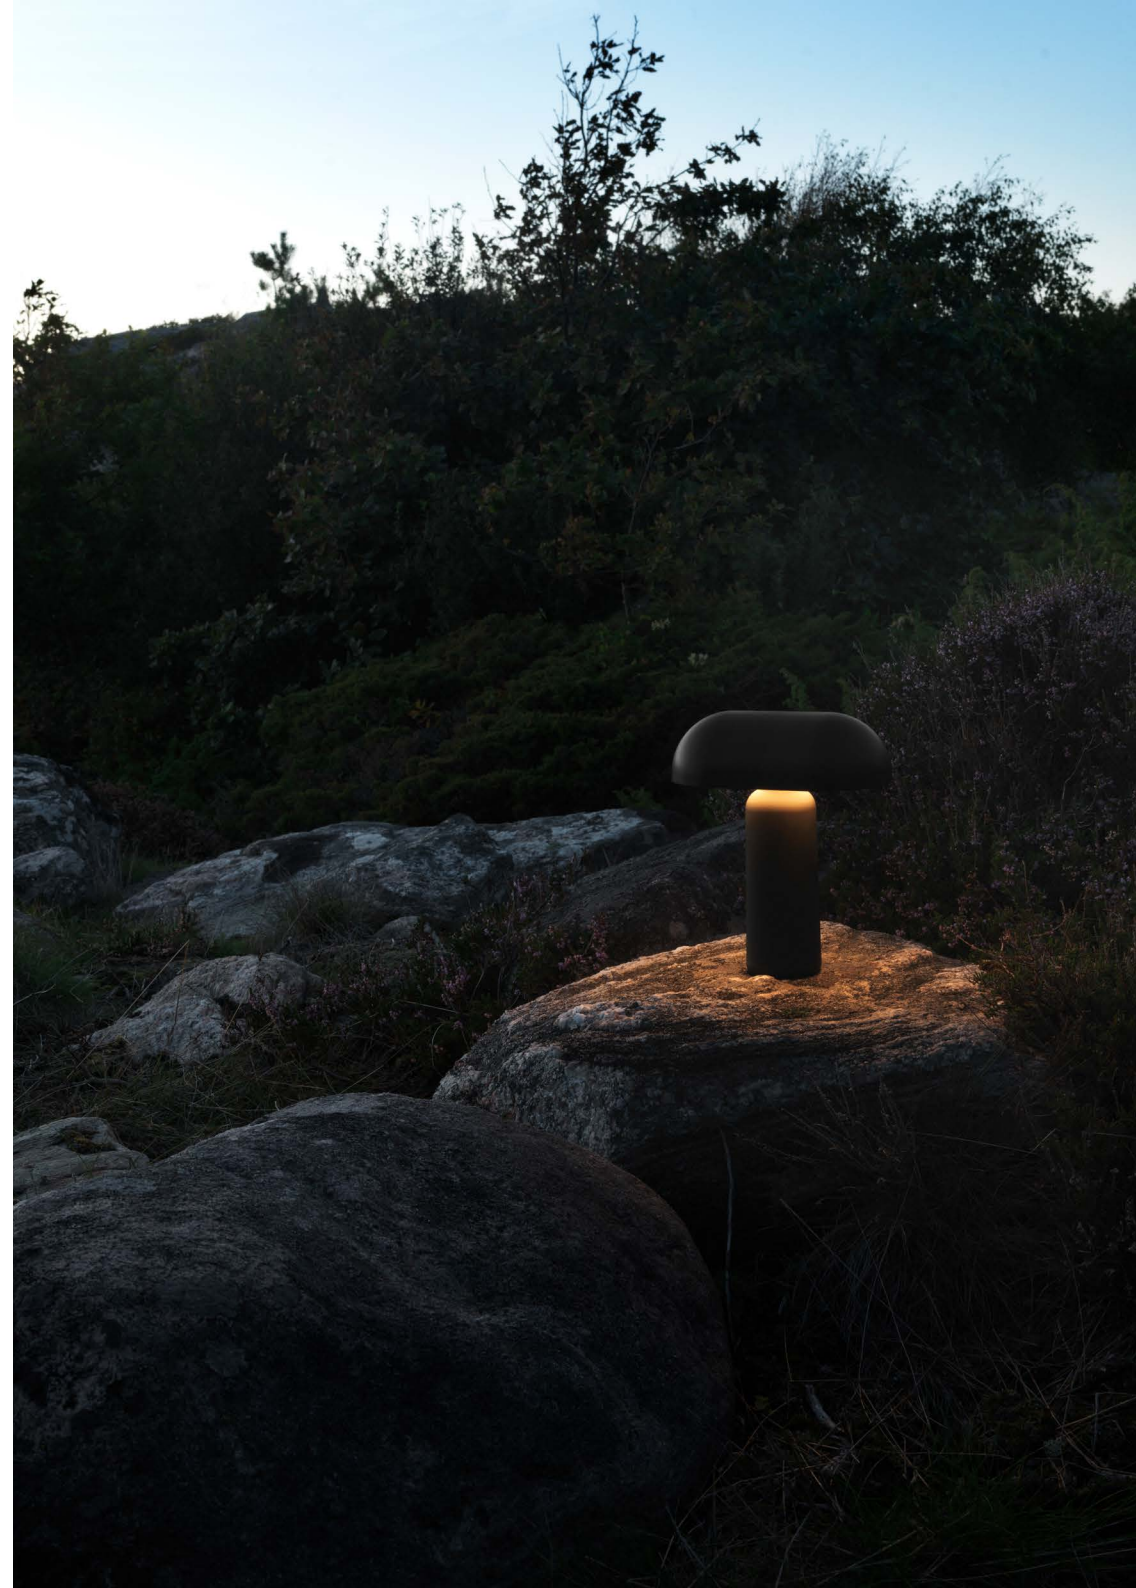

FCC sDoC with reference to Part 15

DOE and CEC

California Prop 65 (Test for total lead and total phthalate)

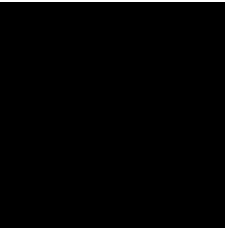

China RoHS

RCM SDoC
